### "Traffic Lights" Colour Coding:

For the purposes of identifying "material variances" under Local Government (Financial Management) Regulation 34, the Council has defined a formula in Council Policy 2.1.6 (see also Variance Report in these Statements). To simplify this reporting, a traffic light system is used in the variance column of the Statement of Comprehensive Income and the Rate Setting Statement, as follows:

#### Revenue

Green = Actual Revenue is greater than Year-to-Date budgeted revenue by 10% or more Red = Variance between Actual Revenue and Year-to-Date budget is greater than 10% (lower)

Green = Actual Expenditure is less than Year-to-Date budgeted expenditure

Red = Variance between Actual Expenditure and Year-to-Date budget is greater than 10% (higher)

Project name	Project name 2024 BOYUP BROOK COUNTRY MUSIC FESTIVAL			
Project description - clearly explain what you want the funding for (min 100 words max 250 words).				
The Boyup Brook Country Music Festival (BBCMF) is moving forward to its 37th year. 2023 was a great success and provided a wonderful opportunity for the community to come together and celebrate the arts, culture, and music. It has a significant impact on our community's economy, culture, and health. The mini activities held earlier in the week were also a great way to generate excitement and build momentum leading up to the festival.				

The festival has had a very positive impact on the community and has assisted in providing numerous benefits, including economic stability with so much extra foot traffic through the town, promotion and support of local and regional businesses, and support for numerous organisations with fundraising opportunities. Volunteering

Page 2 of 4

and participation were strong and helped to build our identity and belonging, build skills and knowledge and make us a more adaptive community.

The BBCMF's planning requires funding support from Council to cover administrative expenses. This is a critical part in accomplishing every one of the undertakings that make up the event.

The Shire's contribution creates additional funding support. E.g., 7 Regional Television provides an additional \$35,000 in kind in television advertising to promote the event.

We are proud of the success of the festival and is a testament to the hard work, dedication and creativity of the organisers, sponsors, volunteers, performers, and community members involved. It certainly helped to bring people together and contribute to the cultural richness and vibrancy of Boyup Brook.

Proposed commencement date	16.02.2024	
Proposed completion date	18.02.2024	

Explain why the project is important and the benefits to your community group and the wider community (min 100 words max 250 words).

As organisers, it was a huge achievement to hold the 36<sup>th</sup> Boyup Brook Country Music Festival (BBCMC) with the main activities of the event held over 3 huge days, plus smaller fringe events in the lead up to the event.

Overall, we take pride in a combination of factors that have contributed to the success of the festival including showcasing talent and promoting cultural activity, putting the town on show, community engagement and participation, the sense of community spirit and sense of pride, successful partnerships, increased tourism, and job opportunities created for local businesses, vendors, suppliers, and other service providers. We see this as a great accomplishment.

Economically, the BBCMF boosts the local economy by attracting visitors from near and far, who increase foot traffic, spend money on accommodation, food, transport, and other services during their stay. The festival provides an opportunity for local businesses to thrive, creating economic opportunities for the community.

An example is: Temporary camping groups received in excess of \$20,000 following the 2023 festival. Over the past 7 festivals over \$130,000 has been given back to these organisations and schools. In addition to this are other forms of lodging, such as the Caravan Park, Harvey Dickson's Country Music Centre, and B&Bs who have all benefited. There are many economic flow-on benefits with the holding of the Street Carnival, which the CMCBB has contributed \$20-\$25,00 over the past 20 years to provide a free event for the community and businesses to add to social engagement and the opportunity to raise funds.

The festival has raised awareness of Boyup Brook to the point where 83% of visitors said they would recommend the festival to friends and family. These figures demonstrate how the festival can and does benefit the Boyup Brook community as a whole.

Explain how your project is aligned to the strategic objectives of the Boyup Brook Shire (see Annual Report and Strategic Community Plan on the website or contact the Shire office for more details). Provide a comprehensive explanation as to why Council should fund your proposal (min 150 words max 500 words).

"Increase Visitors – Develop Tourism Industry" The BBCMF is one of the few major events in Boyup Brook that brings thousands of visitors from outside the community to our town.

"Social - Encourage connections, participation in community activities, interactions, and outdoor activities. bolster a vibrant and active community."

This goal is more than met by both the festival and the Club itself. The festival places a significant emphasis on community involvement, interactions, and connections, which in turn contribute to the development of an active and vibrant community. The street festival is held in the town centre alongside the markets which were held outside in the Music Park in 2023.

"Natural Environment - Enhance the "river and forest" experience of Boyup Brook by maintaining and preserving the natural environment."

The festival takes place primarily at the Music Park, which is located on the banks of the stunning Blackwood River. Volunteers from the Club help with up-keep of the facilities at the Music Park.

"Economic Development – Develop tourism industry – Support initiatives for events, fairs, arts and the like to attract visitors to the shire."

This is exactly what the annual Boyup Brook Country Music Festival does! The festival brings thousands of visitors annually to the shire to experience the town, its facilities, it's businesses and its hospitality. The festival also supports local schools, sporting, and community organisations through temporary campground income

The Town and the Shire also receives a lot of promotion thanks to a comprehensive advertising campaign that the Club does in promoting the event. E.g., Radio, television, print and social media promotion.

With any event the promotion in the printed media is by far one of the most expensive commitments and one which cannot be reduced with volunteer time and cannot be avoided if the event is to be successful. again. As the hero of the weekend has not yet been locked in and plans are not clarified and neither of these newspapers have as yet been approached we do not have current prices but believe that \$1000 should cover them comfortably. If any funds are left over we would channel them into other papers for the promotion of the event. E.g. The Boyup Brook Gazette

Proposed commencement date	July 2023
Proposed completion date	7 <sup>th</sup> October 2023

Explain why the project is important and the benefits to your community group and the wider community (min 100 words max 250 words).

Our event is not intended as one where we make significant income. It is primarily intended to bring to the attention of the wider community the amazing Collections and other things to see and do in Boyup Brook. There is no entry fee charged by us and operators manage this themselves with no commitment to share with the BBTA. So the intention is to support all of our amazing people and commercial businesses both on the weekend and into the future by word of mouth, thus contributing to the financial viability of the Shire. At the same time we provide an opportunity for visitors and locals to enjoy a wildflower excursion and promote our local artist with the Art on Abel component.

Explain how your project is aligned to the strategic objectives of the Boyup Brook Shire (see Annual Report and Strategic Community Plan on the website or contact the Shire office for more details). Provide a comprehensive explanation as to why Council should fund your proposal (min 150 words max 500 words).

Our proposed projects align well with the Strategic Community Plan in the following categories:

- Encourage Tourism / visitor facilities –
- Nature /
- Tourism: Strong desire to develop tourism BBTA is a strong organisation with dedicated people who put in hours of work, mostly voluntary, each week to develop and promote tourism in our Shire. The Visitor Centre promotes local artists, craft people, and producers by displaying and selling their products. We have a strong social media presence and have a large following.

We feel the Shire should fund our proposal to support commitments made in the Strategic Community Plan.

Subject: Community Donation Application - Boyup Brook Cricket Club

CAUTION: This email originated from outside of the organisation. Do not click links or open attachments unless you recognise the sender and know the content is safe.

Dear CEO,

The Boyup Brook Cricket Club is writing today to apply for the Shire's Community Grant Program. We are seeking a total donation of \$1000 for the purchase of new cricket equipment for our players, both seniors and juniors.

Cricket can be an expensive sport to play, especially when you add in the costs of all the equipment needed to get started. From helmets to gloves, pads, thigh guards, abdominal guards, bat's and bags plus others, the total cost of this can be hundreds, if not thousands of dollars.

the Boyup Brook Cricket Club, we strongly believe that people in our community should not be prevented from playing the game just because they don't have access to the needed equipment. This is why, with your help, we are seeking a donation to go towards the purchase of new club equipment for all our members.

Providing quality equipment (such as bat's, pads, helmets, gloves etc) that meets current standards is a must to ensure we can get as many people playing cricket as possible. Our current gear is very old, worn out and particularly with the helmets, does not meet the current standards set out by cricket lawmakers.

We strongly believe that providing members of our community with new cricket equipment will provide an enormous benefit to people of Boyup Brook and seek your assistance to. Make it happen.

We look forward to hearing from you soon and thank you for taking the time to consider our request.

Kind Regards,

Todd Carroll Boyup Brook Cricket Club Vice President

Policy M.10

Elected Members Information, Communications and Technology Allowance Policy

#### **Objective**

To provide an annual allowance to Members to adequately cover fixed and usage related telecommunications and information technology fees and the cost of consumables for printers. In addition, to set a position on the provision of computer equipment.

#### **Principles**

To meet Elected Member's telecommunication costs relevant to their Membership on Council.

#### <u>Issues</u>

The *Local Government Act 1995* provides for Information, Communications and Technology allowance as an alternative to reimbursement of costs.

The annual allowance is less costly to administer than the cost reimbursement option and does not rely on claims being lodged. It should more adequately meet Elected Members' costs relating to communication with the community, each other, and administration.

In order for the full value of Councillors being accessible via email, having the ability to provide information electronically etc it is important that Councillors have suitable computer equipment and standard programs.

#### **Policy**

- 1. Information, Communications and Technology Allowance
  - 1.1 Elected Members will be paid an annual telecommunications and technology allowance in accordance with the salaries and tribunal allowances. This allowance is to be reviewed annually as part of the budget process. However, this excludes the issuing of a Shire laptop.
- 2. Equipment Communication Purposes
  - 2.1. Shire will provide Elected Members with a Microsoft Surface Laptop for Elected Members' use only.
  - 2.2. Replacement laptops will be issued every four (4) years to coincide with an Elected Members Term.   - 2.3. All maintenance on the laptop shall be the responsibility of the Shire. Council members are to report maintenance and technical issues to the Chief Executive Officer.

- 2.4 All software and applications installed on the laptop are to be approved before installation, by the Shire's IT Support provider.
- 2.5. The laptop is to be used for Shire purposes only.
- 2.6. It is a requirement that laptops be password protected to prevent unauthorised access. Elected Members are not to make their device available to anyone else to use and shall not divulge their password to anyone. Forwarding, sharing, or allowing viewing of any confidential material contained on the devices is not permitted.
- 2.7. Elected Members acknowledge that all information and documents contained at any time on the laptop remains the property of the Shire, and at any time may be the subject of a Freedom of Information, police, Crime and Corruption Commission or other competent authority inquiry, as such may need to be made available to any of these investigating bodies.
- 2.8. Only Shire issued laptops shall be permitted to remotely access the Shire's Elected Members Portal for security purposes.
